Dear Sir/Madam

I wanted to write and express my thanks to Nelson Park for the excellent way in which your staff worked with the 15 young people from our school on Tuesday 12th April.

The **Boost** Project ran for 3 days in the Easter holidays and Nelson Park proved every bit to be the event that we had hoped it would be. The group of low self-esteem/confidence students we had been working with for the duration of the project were given every opportunity to overcome their fears and clearly for many of them horse-riding was indeed, either a first time experience or one which took them very much out of their comfort zones.

Thank you once again for giving us a perfect afternoon for the young people, and future projects pending we would like to think we can use your facility again one day.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Nigel Knight', is written over a horizontal line.
